

PIERCING COURSE

Dermal Anchor/ Diver Certificate

R 8 000-00

Who is it for?

This course is aimed at body piercing artists with a working knowledge of body piercing already in the industry and looking to expand their services even further.

The dermal anchor and diver course can also be taken by people with a foundation diploma in body piercing.

About the course

Dermal anchors and skin diver are an important element in modern body piercing studios.

This hands on and practical piercing course offers training either onsite in your studio or here at our training facility.

This course will provide an insight to dermal anchor and diver materials, placements, three methods of implanting a dermal anchor and skin diver, removal of a dermal anchor and skin diver, and caring for your dermal anchor and skin diver

We will also discuss recent updates to piercing health, safety and hygiene and any other relevant issues occurring in the body piercing industry.

How long does the course take?

Typically, 1 day practical training for dermal anchors and skin diver is required to complete the course.

What's included?

All materials to enable you to successfully complete the dermal anchor body piercing course, hands on training in a working environment, and course certification upon completion.

What will I get out of it?

- Hands on experience with dermal anchor body piercing
- Piercing locations and best practices
- Dermal anchor aftercare
- Ability to remove a dermal anchor
- Discount on wholesale dermal anchors
- Certification

When are the courses held?

This dermal anchor course is offered onsite in your studio or at our Training facility throughout the year. It is better if you have a date in mind when contacting us to book your session.
